WASHINGTON, DC - 202-548-2680
JACKSONVILLE, FL - 904-261-2444

HOW THE POLL WAS CONDUCTED

This poll was conducted by Mason-Dixon Polling & Strategy, Inc. of Jacksonville, Florida from February 24 through February 28, 2021. A total of 625 registered Florida voters were interviewed live by telephone statewide.

Those interviewed were randomly selected from a phone-matched Florida voter registration list that included both land-line and cell phone numbers. Quotas were assigned to reflect voter registration by county.

The margin for error, according to standards customarily used by statisticians, is no more than ± 4 percentage points. This means that there is a 95 percent probability that the "true" figure would fall within that range if all voters were surveyed. The margin for error is higher for any subgroup, such as a gender or age grouping.
